Junior yearlings may have lost their 2nd pair of incisors but the 2nd pair of permanent incisors should not show signs of extensive wear. The remaining four temporary incisors should be firmly in place.

Summer Yearlings may have the two center temporary incisor teeth replaced by permanent incisors. The remaining six temporary incisors must be in place and there may be no evidence of eruption of any permanent incisors other than the centers.

Senior Calves must have all eight temporary incisor teeth in place. There may be no evidence of eruption of any permanent incisors.

Junior and Summer Calves must have all eight temporary incisors firmly in place. There may be no evidence of eruption of any permanent incisors.

- E. **TAMPERING AND MISREPRESENTATION** — Any artificial means of removing or remedying the physical defects of conformation in exhibition cattle, such as cutting ties or lifting and filling under the skin will be considered as fraud and deception. All animals giving evidence of such treatment will be barred from competition at the North Dakota Winter Show. Misrepresentation of the age of an animal will be considered in the same light.

In the steer classes these regulations will apply, but a tie shall not be regarded as a defect unless it is of such nature as to mar or injure what would otherwise be a prime carcass.

When satisfactory evidence has been obtained by the Winter Show management that this rule has been violated, the exhibitor, his herdsman, his manager, or all of them may be barred from showing in any classes in the North Dakota Winter Show and reinstatement may be made only by a majority of its Board of Directors. In case any premium shall have been awarded to animals shown in violation of this rule, the Winter Show Management will immediately request the exhibitor to refund all premiums, moneys, cup, trophies and ribbons awarded to such animals.

- F. **SALE** — All steers must be consigned to a recognized and cooperating livestock marketing agency at time of entry. This agency will then be responsible for collecting proceeds of sale and paying consignor. However, consignment to any agency does not require that steers be sold.

G. DEADLINE AND ENTRY FEES

THE FUTURITY ADVISORY COMMITTEE

The North Dakota Futurity has long been governed by a committee composed of representatives of the state beef cattle breed associations. The committee has been expanded to include representatives of the Swine Breeders Association, Sheep Breeders Association and the Quarter Horse Association. The responsibility of this committee has been enlarged to include co-ordination of all livestock activities for the week. These men attend meetings regularly, giving freely of their time and energy to insure the continued growth of this, the state's leading livestock show.

SPECIAL AWARDS

The American Aberdeen-Angus Breeders' Association limits its contribution to \$850.00 and the addition to individual local premiums in Angus classes will be somewhere between 40% and 45%. The American Hereford Association, Hereford Drive, Kansas City, Missouri, pays 20% of the total premiums of \$5.00 or more offered for registered Hereford breeding cattle. The Association's share will be mailed directly from their Kansas City Office. Therefore, the Hereford premiums listed on page six will be increased by 25%.

The North Dakota Winter Show will award a belt buckle to herdsman from each breed, judged to be the best housekeeper. Appearance of cattle, stall and alleys will be considered. Owner herdsman are eligible as well as professional herdsman. Each exhibitor is to indicate who is to be considered herdsman in charge.

The Angus premier exhibit award will be given by the North Dakota Angus Association to the breeder who presents his cattle in the best possible manner.

The McGregor Memorial Trophy will be awarded to the exhibitor of the Champion Futurity Angus Bull.

The Marjoribanks Traveling Trophy will be presented to the exhibitor of the Champion Futurity Angus Heifer.

THE JUNIOR FUTURITY

The Greatest Junior Futurity Show in the World is perhaps the proper phrasing for this outstanding group. The quality of the youngsters, the quality of their calves and the zest and pride they show in their work is a tribute to the foresight of the Winter Show Board, to the breeders of the calves and to the parents that provide the opportunity for these youngsters to lay the foundation for a purebred herd of their own.

PURPOSES OF THE JUNIOR FUTURITY

1. To encourage farm boys and girls so inclined to establish the foundation for a future purebred herd.
2. To give such boys and girls competent assistance in securing high quality heifer calves.
3. To provide an incentive to do a good job with the calves, to secure the advantages of friendly competition, and to furnish inspiration to members and show spectators by providing for a state-wide showing of the calves.
4. To interest county extension agents, agricultural instructors, livestock breeders and others in helping members with care, feeding and livestock breeding problems.
5. To promote better-paying cattle production in North Dakota.

1963 RULES AND REGULATIONS

1. Membership in the Junior Futurity is open to 4-H Club members and FFA members enrolled in beef breeding projects in North Dakota. Once a member, always a member, until age requirements of the 4-H and FFA bar further participation.
 - a. Members who have won two purple group awards in the state show are no longer eligible to exhibit anything in the Junior Futurity classes except progeny from previous Junior Futurity heifers.
2. To be eligible for exhibition in the Junior Futurity state show the calf must:
 - a. Be a purebred Aberdeen-Angus, Hereford or Shorthorn heifer, born on or after May 1, 1961 and before May 1, 1962 be eligible for registration and bred by the member, or by a North Dakota breeder, or purchased in dam.
 - b. Be in possession of the member by November 15, 1962.
3. Progeny from Junior Futurity heifers of past years may be exhibited:
 - a. Female progeny may be entered in the regular Junior Futurity classes for heifers.
 - b. Male progeny, born on or after May 1, 1961 and before May 1, 1962, may be entered in a special progeny bull class.
4. Members are restricted to an entry of one calf in the heifer class, unless additional entries are female progeny from previous Junior Futurity calves. In this event, the one calf restriction does not apply. In the bull progeny class no restriction on number of entries is applicable. After a progeny animal has been shown once in the state show, it cannot be entered again.
5. Entries in the Junior Futurity classes must be made by November 15, 1962, on entry forms which may be obtained from county extension agents or instructors of vocational agriculture.
6. Registration papers showing that ownership of entry is recorded in the member's name only are to be presented by members to the Junior Futurity managers prior to the Junior Futurity Show.
7. Members are expected to care for, feed and water, fit and show their own calves and to keep satisfactory project records.

PICTURES FOR BLUE RIBBON WINNERS

The North Dakota Farm Bureau, The North Dakota Futurity and the North Dakota Winter Show Sales, will have a professional livestock photographer on hand to take pictures of the calves and members placing in the blue ribbon group. These pictures will be suitably framed and inscribed with the name of the winner and the record of his blue ribbon placing.

BEST STALL EXHIBIT

A sterling belt buckle will be given to the Junior Futurity exhibitor that has the best appearing stall for each breed. To be considered will be daily cooperation, neatness, decoration, cleanliness and grooming of the calf. These awards are given by the North Dakota Hereford Association, the North Dakota Shorthorn Association and the North Dakota Angus Association.

JUDGING PROCEDURE

The Group System of judging will be used in the Junior Futurity. The blue ribbon group will also be lined up numerically. Factors determining the groups into which each will be placed are: size for age, condition, quality, breed character, type and conformation.

Blue group calves will be those considered highly desirable for foundation stock in the establishment of purebred herds. Red group calves will be those somewhat less desirable for foundation animals, yet satisfactory for the most part. White group calves can be considered more or less wholly unsatisfactory for foundation animals. With the latter, the road to top quality breeding herds is too slow and often disappointing.

Following classification into the three groups referred to above, all blue group calves will be returned to the judging arena. The judge will then select any truly outstanding calves and these will be designated Purple group calves.

Purple group calves win the right to show in their respective age groups of the Senior Futurity without payment of entry fees. The owners of these calves are eligible to win any premium money offered in the Senior Futurity.

JUNIOR FUTURITY PREMIUMS

A total of \$500 is made available by the North Dakota Winter Show for cash premiums in the Junior Futurity. This purse is split among all exhibitors in varying amount depending upon whether blue, red or white group placings are won. In addition, each exhibitor wins a ribbon - blue for blue group placing, red for red group and white for white group. The amount of the individual cash premium hinges on the number of animals placing in each group. Thus, until the judging is complete, the individual awards cannot be determined by the Futurity managers.

UNION STOCKYARDS LIVESTOCK MARKETING AGENCIES PLAQUES

Beautiful plaques will be awarded to Junior Futurity members having the Grand and Reserve Champion female in each breed and the Grand Champion bull in each breed. Only purple ribbon winners will be eligible. These plaques are being awarded by the Union Stockyards Company and the commission firms at West Fargo, namely: Central Livestock Association, Dakota Livestock Commission Company, Farmers Union Marketing Association, McDonald Livestock Commission Company, Montgomery & Sons, Sig Ellingson and Co.

TERMS AND CONDITIONS

Each animal will be sold to the highest bidder without reserve. Cow with calf at foot regarded as a single unit, unless otherwise announced.

Any disputes as to bids will be settled by the auctioneer declaring all bids off and reselling the animal.

Each animal as soon as sold will be at the purchaser's risk, but will not be delivered until settlement has been made.

Animals sold will be fed and cared for free of charge until the day after the sale - but at the purchaser's risk and will be turned over to the purchaser or loaded on cars for shipment as he may direct.

TERMS - CASH - Unless otherwise arranged prior to the sale.

With cattle of this age limit, it is considered that the purchaser is more responsible for their future usefulness than the breeder and that a breeder is relieved of all responsibility after a sale is completed. However, every possible precaution is taken to eliminate individuals with any known defects, and to assure that bred females are with calf. The entire offering will be sold at the halter and any further guarantee will be between buyer and seller.

The following guarantee is recommended for the buyer and seller:

1. All claims should be submitted in writing to the seller within six months.
2. In the case of bulls, the buyer shall give the bull an adequate trial and have him inspected by a veterinarian at buyer's expense.
3. Seller shall have privilege of trying bull after his return before making any adjustments.
4. Any guarantee is void if there is evidence of improper management in caring for the animal.
5. Seller will have the privilege of replacing with an animal of similar quality and breeding or refunding the purchase price of the animal.
6. The above guarantee is between the individual consignors and the buyer of each lot. The North Dakota Hereford Association assumes no liability, legal or otherwise, but will help in every way possible to make adjustments should it become necessary.

All cattle entered have been tested for Tuberculosis and Brucellosis. Cattle purchased by out-of-state buyers will have health certificates to meet requirements.

MAIL ORDERS - For those unable to attend, buying instructions may be sent to M. A. Kirkeide, Sale Manager, or other representatives.
